SWISS

LABEL

World Leader in Supplying S.W.A.T
Equipment And Training

DELTA FORCES

DELTA FORCES SWITZERLAND IS A SWISS DEFENSE & SECURITY GROUP THAT DESIGNS AND PROVIDES SOLUTIONS FOR UNIFORMS, EQUIPMENT AND SERVICES TO ADMINISTRATIONS AND COMPANIES ALL AROUND THE WORLD. DELTA FORCES OFFERS A GLOBAL SERVICE IN LINE WITH THE EXPECTATIONS OF OUR EXIGENT AND PRESTIGIOUS CUSTOMERS WORLDWIDE.

TODAY, THE EXPERTISE OF DELTA FORCES IS REFLECTED BY ITS HIGH-LEVEL CLOTHING, EQUIPMENT AND VEHICLE LINES AVAILABLE TO PROFESSIONALS WORLDWIDE. OTHER LINES SUCH AS CIVIL DEFENSE AND NON-LETHAL SECURITY EQUIPMENT HAVE MADE DELTA FORCES A SUPPLIER OF CHOICE FOR A MULTITUDE OF FOREIGN PUBLIC SERVICES.

CUSTOMIZATION IS ONE OF OUR BIG STRENGTHS INCLUDING EQUIPMENT EXCLUSIVELY DESIGNED AND PRODUCED FOR YOUR PURPOSES.

WHETHER YOU ARE IN CHARGE OF THE EQUIPMENT OF THE SECURITY FORCES, PEACEKEEPING OPERATIONS, OR THE PROTECTION OF POPULATIONS, AMONG OTHERS WE WILL PROVIDE YOU WITH THE PERFECT SOLUTION FOR YOUR SITUATION.

WE PROVIDE OUR SERVICES AS WELL TO CIVILIAN OR MILITARY ADMINISTRATIONS AS TO NON- GOVERNMENTAL ORGANIZATIONS AND PRIVATE COMPANIES.

TO STAY CLOSE TO ITS CLIENTS, DELTA FORCES HAS A WELL-ESTABLISHED INTERNATIONAL PRESENCE COVERING EXTENSIVE GEOGRAPHICAL AREA.

REGULATORY COMPLIANCES

DELTA FORCES WORKS IN OVER 60 COUNTRIES WORLDWIDE, AND OPERATES TO THE HIGHEST ETHICAL, SAFETY AND INTERNATIONAL REGULATORY STANDARDS. DELTA FORCES IS COMMITTED TO MAKING A POSITIVE CONTRIBUTION TO ALL THE COMMUNITIES AND COUNTRIES IN WHICH WE WORK.

▶ TROOP CARRIER

DFS1057

Carries up to 7 passengers. Constructed with advanced double hulled steel armor, providing maximum protection against a wide variety of ballistic threats.

▶ WHEELED APC

DFS2116

Light, modern, tactical SWAT vehicles, offering powerful off-road and carrying capabilities.

▶ UTV

DFS3112

▶ MOTORCYCLE

DFS2001

▶ TRANSPORT HELICOPTER FOR SPECIAL OPERATIONS

DFS2002

▶ LIGHT WEIGHT JEEP

DFS2117

This next generation vehicle is adaptable for various military missions that require high power, speed, excellent off road capabilities and a high level of reliability.

▶ ARMORED UNDERCOVER VEHICLE

DFS2000

Provides protection from both 45° and 90° shots with shielded fuel tank, battery and engine. Optional communication system, emergency lights, and siren.

▶ INFLATABLE BOAT

DFS2004

Lightweight boat, with sides and bow constructed with flexible tubes containing pressurized gas and an outboard engine. Inflatable boats may have a rubber floor (plain or inflatable) with steel.

▶ RIGID-INFLATABLE BOAT (RIB)

DFS2003

Lightweight, high performance, high capacity boat. The inflatable collar allows the vessel to maintain buoyancy during bad weather conditions. The RIB is used as a work boat to support larger ships, shore facilities, or lifeboat and military crafts as a patrol boat or to transport troops between vessels or ashore.

▶ COMMAND & CONTROL ARMORED VEHICLE

DFS2011

Mission ready management vehicle, modified to meet the constraints of mobile dissemination of orders and alerts.

Optional Systems:

- ▶ 12 Passengers
- ▶ Electronic nightvision system
- ▶ Escape hatch
- ▶ 360° Gunport Coverage
- ▶ Advanced door lock mechanism
- ▶ Heavy-duty electronic winch
- ▶ Multi-layer Ballistic glass, no spall
- ▶ Removable wire mesh glass protection
- ▶ External View Cameras providing 360° F.O.V.
- ▶ Siren/PA system
- ▶ Emergency lights package

▶ COMMAND & CONTROL TENT

DFS2118

Enables the joint force commander to set up a temporary, self-contained, self powered, computer network enabled headquarters.

▶ CELLULAR DEVICE LOCATOR

DFS3195

The cellular device locator system is designed to locate hidden cellular devices in a tactical range. Suitable for hand-held operations both inside and outside buildings and vehicles, this device is used for intercepting mobile phone traffic and movement of mobile phone users.

▶ TACTICAL JAMMING

DFS1010

Portable cell-phone jammer blocks all required cellular network standards simultaneously: GSM, CDMA, TDMA, UMTS (3G), Nextel, 2.4 GHz and more. Using its remote control, blocking range of these mobile phone jammers can be easily adjusted, according to operational needs.

▶ JAMMER FOR VEHICLE

DFS2013

Multi-channel jamming transmitter with unique software. The modular jamming configuration delivers powerful jamming signals via an array of matching antennas.

Installed in the vehicle the system creates a secure electronic shield around the anti-IED vehicle, providing protection against IED and ensuring the entire team.

▶ PORTABLE JAMMER

DFS2096

Battle-proven, the portable jammer is used worldwide by: Military Forces, Bomb Squads, S.W.A.T. Teams, Anti-Terror Units, Response Teams and VIP Protection Units. Built to support all mission profiles, and extended field missions.

▶ ADVANCED LIGHT WEIGHT UAV SYSTEM G2

DFS8010

A fully autonomous, light weight UAV. Provides real-time day and night video stream via the Ground Control Station. Easily and rapidly deployed. Ideal for fast deployment & turnaround time. High payload stability.

▶ ADVANCED HIGH PERFORMANCE UAV SYSTEM

DFS8040

Equipped with a gimbaled, stabilized high performance EO & IR payload that is interchangeable with other sensors up to 3 Kg.

▶ SURVEILLANCE AEROSTAT

DFS2005

Balloon observation system with Day/Night vision cameras, self stabilization and real-time video transmission.

- ▶ Target Acquisition
- ▶ Border & Coastal Surveillance
- ▶ Intelligence
- ▶ Search & Rescue
- ▶ Riot Control

▶ OBSERVATION VEHICLE

DFS2006

The observation system is positioned on the roof of the vehicle for specific missions. Long distance PTZ.

▶ MID RANGE UAV

DFS3202

The UAV is an electrically propelled platform that provides real-time visual intelligence with a 50km communication range. Payload with continuous optical zoom high resolution day camera, IR cooled 3-5mm night sensor with continuous optical zoom and Laser pointer. The UAV's typical missions are target acquisition, border surveillance, force protection, frigate defense and the protection of critical infrastructures.

▶ FAST DEPLOYMENT OBSERVATION WIRELESS SYSTEM

DFS2007

Ideal for observational operations in remote enemy territories and rural areas where a car or balloon cannot be deployed.

▶ UNDER DOOR CAMERA

DFS2015

The 4-camera system provides left, right, forward and upward camera views that can be wirelessly toggled.

▶ CO2 HIDDEN PERSON DETECTOR

DFS2016

Designed for easy indication of hidden person or persons. The unit is very easy to use and deploy, with two different probes for room, roof space or vehicle examination.

▶ UNMANNED GROUND VEHICLE

DFX0028

The UGVs is equipped with multiple chemical and radiological sensors. The UGVs major task is to keep operators safe during measuring of explosion risk and dose rate sampling.

▶ LASER-AUDIO SURVEILLANCE

DFS2019

Operated by transmitting an invisible infra red beam to the window of the targeted room. Provides undetectable laser surveillance from outside a building from a distance of 500m.

▶ VIDEOSCOPE

DFS1029

A precision fiber optic inspection tool utilizing a two way, articulating probe for inspection of enclosed objects. The non-conductive tip makes it ideal for inspection of volatile liquids.

▶ LONG POLE CAMERA

DFS2017

Used for surveillance and observation of subjects at specific heights and distances. The pole features optional camera head surrounded by IR LEDs, Internal DVR for video recording.

▶ SEE THROUGH WALL HUMAN SENSOR

DFS2020

Detects humans behind walls and solid obstacles.

Features:

- ▶ One handed operation
- ▶ 10 hrs battery time
- ▶ Detection range of a human in a 70 degrees sector: 5-10m
- ▶ behind an interior wall, 25m without any obstacles.

▶ SURVEILLANCE MICRO ROBOT

DFS5057

Small remote controlled robotic device carries out observation during operations and object reconnaissance.

▶ SNIPER MANAGEMENT SYSTEM

DFS2034

A real-time integrated video, audio and data communications system which allows remote decisions to be made.

▶ HAND-HELD LONG RANGE THERMAL IMAGER

DFS2032

Medium range military specification handheld thermal imager, for military and civilian applications including Special Forces, Search & Rescue, Police, Border Security, Target Acquisition, Counter Drug Operations, Park Rangers (monitoring illegal game hunters), VIP Protection.

▶ OPTIC DETECTOR (LONG RANGE)

DFS2035

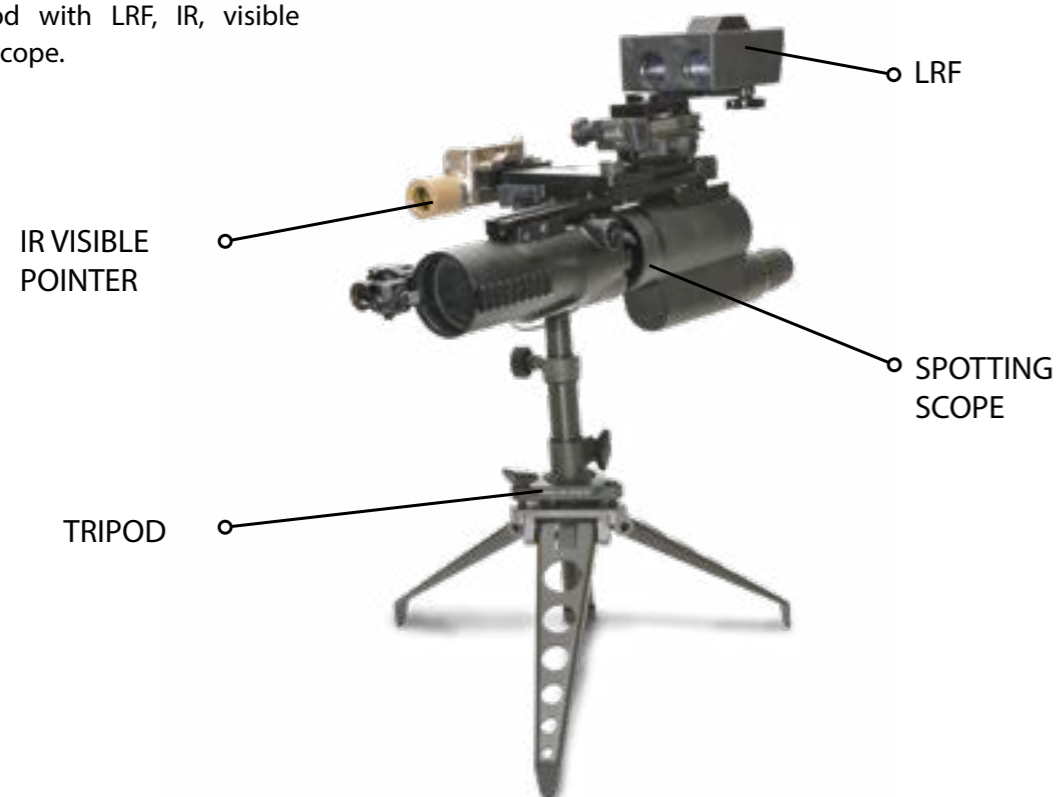

Detects passive, optical and electro-optical devices such as binoculars, night vision devices, weapon sights, optical markers, and levelling rods equipped with optical reflectors.

▶ SPOTTING TRIPOD KIT

DFS2033

Tactical tripod with LRF, IR, visible pointer, and scope.

▶ CAMOUFLAGE SUIT

DFS4029

▶ NIGHT TIME GILLIE SUIT

DFS2119

Worn at night the camouflage suit makes the wearer invisible to the naked eye. Fire redundant. Optional thermal protection.

▶ LOCKSMITH KIT

DFS2120

Compact kit of tactical entry tools. This kit allows the user to plan and personalize the layout of tools within the kit according to personal preference.

▶ HYDRAULIC BREACHING SYSTEM

DFS2048

The system includes several high powered tools. Operated by an electric, pneumatic or a manual pump, allowing single operation independent of external power source. Used by Security & Rescue Forces.

▶ EXCEPTIONAL ENTRY KIT

DFS2052

Heavy duty Cordura pack, ergonomically designed for comfort, durability and mobility. Featuring padded straps, with padded adjustable shoulders and padded back.

▶ PRY BAR

DFS2122

Constructed from high strength alloy and pry ends are joined together by a solid composite shaft and high grip coating.

▶ HYDRAULIC PUMP

DFS2049

▶ HYDRAULIC SPREADER

DFS2050

▶ RAM

DFS2054

Body and handle are a single piece. Heavy duty, high strength alloy construction for rigidity and durability. The ram end is fabricated from solid ultra high molecular weight plastic, reducing the threat of sparks and re-coil. Handle has a high density foam grip.

▶ COMPACT TACTICAL ENTRY KIT

DFS2055

Designed to carry three tools (pry bar, sledge hammer and bolt cutter). Heavy duty pack ergonomically designed for comfort, durability and hands free mobility.

▶ HYDRAULIC CUTTER

DFS2051

- ▶ Weight - Kg 2.45
- ▶ Size - 170 X 50 X 230mm
- ▶ Cut - 12mm
- ▶ Power - 17,000Kg

▶ BREACHING SAW

DFS2121

▶ MEGA RAM

DFS2056

The ram is constructed from high impact plastic extrusion. High density, reinforced rubber handles offer comfort and flexibility during use.

▶ DOOR BREACHING EXPLOSIVE

DFS2124

Provides a rapid method of entry through walls and other barriers. The system comprises of a plastic shell, the frame acts as a support for the explosive and as a container for water which surrounds the explosive.

AFTER

▶ BREACHING FLARE

DFS2123

The device is a robust, compact, low cost, waterproof addition to the range of frequency initiation equipment. Capable of the initiation of any number of receivers. Designed to cut through round steel targets. Burn time: 1-2 seconds.

▶ THERMAL CUTTING SYSTEM

DFS2053

Easily transportable over long distances. Cuts through a rail track in 20 seconds.

▶ 12G DOOR BREACHING AMMO

DFS1048

For use with 12 gauge shotgun, pump action or semi automatic.

▶ MINI EXPLODER

DFS1042

A one handed operation exploder, operating from commercial "Off the shelf" batteries. Utilizes proven technology for a variety of EOD and IED applications.

▶ BREACHING FRAME

DFS2057

A waterproof tamped wall breaching charge. May be loaded with detonating cord, plastic explosive (e.g. C4 or PE4) or a sheet explosive depending on availability and the target.

▶ REMOTE CONTROL BREACHING SYSTEM

DFS1043

A compact, low cost, waterproof and robust addition to the range of radio frequency initiation equipment.

▶ FAST DEPLOYMENT NONEL

DFS1056

Nonelectric, multi-purpose initiation unit. Virtually insensitive to both electrical and electromagnetic influences. Fast deployment mechanism. Designed for hands free operation, may be operated by elbow, foot or hand.

▶ LINEAR SHAPED CHARGE

DFS1049

A continuous explosive core enclosed in a seamless metal sheath. The continuous linear and explosive produce a linear cutting action. The application is enhanced by careful control of charge dimensions and configuration, as well as liner and backer thickness and uniformity.

▶ OMER1 KIT

The OMER1 is a professional descender with a quick release mechanism developed for use by SWAT teams, Counter Terror and Special Forces worldwide. Used for: Rappelling, Rescue and Military applications.

OMER1's distinctive features make it a unique apparatus in this field:

- ▶ Rappelling with one hand
- ▶ Suitable for rappelling with either left or right hand
- ▶ Enables control of the sliding speed
- ▶ Suitable for both controlled or hop-rappelling
- ▶ Provides maximum safety – stops automatically if handle is released or excessive pressure is applied.
- ▶ No need for double-length rope. The ropes length is similar to the rappelling height.
- ▶ No special knowledge or auxiliary equipment is required (Gloves etc).

THE OMER1 KIT INCLUDES:

- | | | | |
|---------|------------------------------------|---------|---|
| DFS6000 | 1. OMER 1 | DFS6015 | 18. Omer1 Full Body Sliding Harness |
| DFS6001 | 2. OMER bag | DFS6016 | 19. 4 Heavy Duty Aluminum Karabiners (twist-lock) |
| DFS6002 | 3. Omer helmet & adaptors | DFS6017 | 20. Rappelling Rope 25 meter |
| DFS6003 | 4. Head Mountable Flashlight | DFS6017 | 21. Secure Rope 25 meter |
| DFS6004 | 5. Breaching Axe | DFS6017 | 22. Accessories Rope 15 meter |
| DFS3166 | 6. TL5 PRO-Personal IR Marker | DFS6018 | 23. Anchor L |
| DFS6005 | 7. Left/ Right Ascender | DFS6018 | 24. Anchor Wall/ Base |
| DFS6006 | 8. Abseiling Gloves | DFS6019 | 25. Pulley |
| DFS6007 | 9. Rope Protective Tube | DFS6020 | 26. Double Pulley |
| DFS6008 | 10. Operational/ Combat Knife | DFS6021 | 27. Anchor Tactical Bag+ Rope |
| DFS6009 | 11. Omer1 Tactical Rappelling Vest | DFS6022 | 28. Anchoring Strap 1 Meter |
| DFS6010 | 12. Rope Leg Bag | DFS6022 | 29. Anchoring Strap 2 Meter |
| DFS6011 | 13. Gun Leg Holster | DFS6022 | 30. Anchoring Strap 3 Meter |
| DFS4084 | 14. Tactical Goggles | DFS6023 | 31. Cooling Mask |
| DFS6012 | 15. Knee Pads | DFS6024 | 32. Ballistic Vest Level 3A |
| DFS6013 | 16. 8" Ring | | |
| DFS6014 | 17. 2 Heavy Duty Steel Karabiners | | |

▶ FAST ROPE

DFS6049

Designed for easy handling, sure grip and minimum stretch (working elasticity) utilizing a unique blend of synthetic fibers. Different lengths available.

▶ FAST ROPE TERMINATION

DFS2036

Dynalite/ Multifit/ Spliced Eye/ Standard Conical.

▶ FAST ROPE GLOVES

DFS2037

Heavy duty fast-roping gloves made from black hardwearing chrome leather, with adjustable wrist. Reinforced in areas subject to heavy wear.

▶ FAST ROPE BAG

DFS2038

▶ FAST ROPE HOOK

DFS2039

Designed with the utmost safety and engineering standards in mind. The hook feature, locks the rope in place when a load is applied. This function prevents accidental release when personnel are carrying out roping operations.

▶ FAST ROPE ASSEMBLY

DFS2040

The fast-rope assembly comprises of a 0.75-inch, 1-inch, and 2-inch diameter chromemoly steel tubing.

▶ T-HANDLE RELEASE UNIT

DFS2041

When fast-ropers are safely on the ground, the fast-rope may be jettisoned with a two functions T-Handle, cable release, mounted inside the cabin. The hook is physically locked in place to circumvent the cable release activation. Ideal for training environments.

▶ FAST ROPE RELEASE HOOK

DFS6055

The universal hook is designed to be mounted on an existing hoist or rappelling arms located at a large helicopter side doors or rear ramps.

▶ ALUMINUM/CARBON TACTICAL LADDERS

DFS6050

- ▶ Easy to deploy
- ▶ Collapsible to fit in a backpack.
- ▶ Carried by one person.
- ▶ Lightweight version made of carbon.
- ▶ 3.5m.
- ▶ 5kg.

▶ TACTICAL LADDER

DFS2127

Designed for 2 soldiers climbing up to 6.6 meters and for 1 soldier climbing up to height of 9.9 meters. The ladder is made for silent action with rubber balls pads and feet. Fully extended and deployed within seconds. May be combined with parts from other ladders, and carried in a backpack by one person.

▶ TACTICAL LAUNCHER

DFS2126

Designed to deploy a line, or an auto-inflating flotation sling & retrieval line to inaccessible points in land or maritime environments.

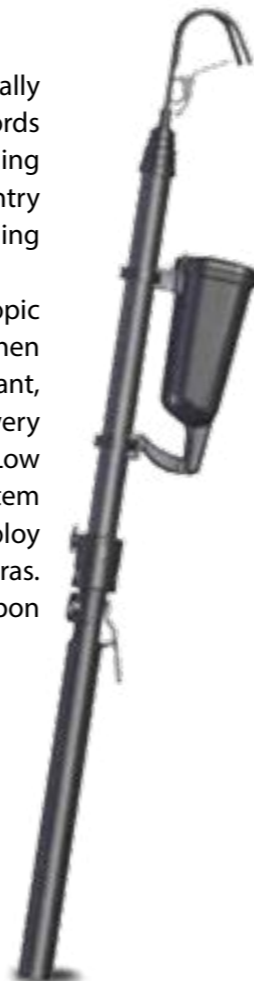

▶ TACTICAL PNEUMATIC POLE

DFS2128

Lightweight, pneumatically extending telescopic pole, affords a grappling hook and ascending ladder for use in urban entry and maritime ship boarding operations.

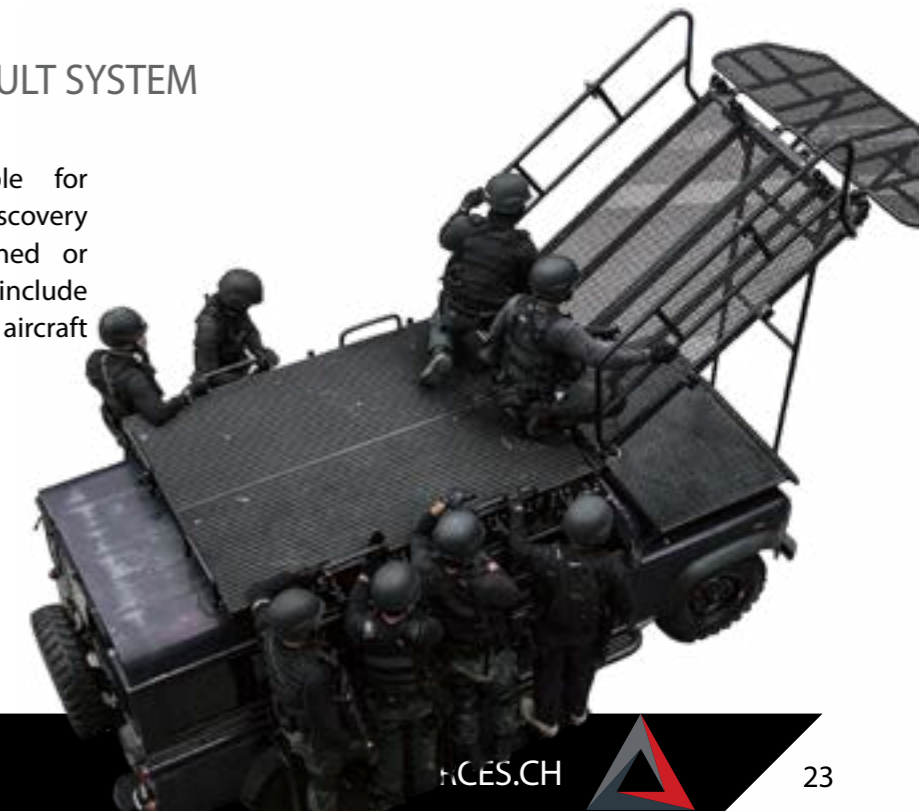

Easily extended, each telescopic pole is variable in height. When extended the pole is buoyant, enabling retrieval by recovery teams in dive operations. Low magnetic signature, the system may be adapted to deploy antenna or wireless cameras. Custom lengths available upon request.

▶ ROOF MOUNTED VEHICLE ASSAULT SYSTEM

DFS2129

A roof mounted assault system suitable for vehicles such as Land Rover Defender, Discovery & Toyota Land Cruiser whether soft skinned or armored. Systems may be configured to include combination ladders, an assault ramp, aircraft gantry, and a fast roping system.

DELTA FORCES

ONE STOP SHOP

OMER1 KIT

Tactical Drone

Unmanned Ground Vehicle

Wheeled APC

▶ **ATTACK DOGS**

Attack Dogs are trained to:

- ▶ Work in varied terrains such as buildings, boats, buses, planes, etc.
- ▶ Attack any human present within a search radius, or attack only the dominant persons (such as hostage taker, terrorist, etc.) Within a group of people.
- ▶ Mark people and protect their handler from any potential threat.
- ▶ Ideal for Police and Military SOF, Border Control, Sensitive Government offices, and K9 units.

▶ **K9 TACTICAL VEST**

DFS7003

A lightweight 3 piece vest, easily adjustable for a secure and perfect fit. No measurements required. One size fits all. At girth and shoulders allowing the K-9 handler easy access for donning.

▶ **K9 COOLING VEST**

DFS7001

- ▶ Constant temperature when charged
- ▶ Cooling duration: 2 hours
- ▶ Washable, removable cooling packs

▶ **LEASH**

DFS7010

Leather dog leash stitched with snap hook. One size.

▶ **K9 FIRST AID KIT**

DFS7019

A fully equipped kit to meet initial First Aid requirements in the field.

▶ **PINCH COLLAR NYLON PROTECTOR**

DFS7015

- ▶ Reduces contact with water
- ▶ Protects against excessive light reflection
- ▶ Collar makes less noise

▶ **MUZZLE**

DFS7005

Practical muzzle for training, travelling, patrolling and guarding. The muzzle is safe and non-toxic providing maximum protection for the dog.

▶ PANORAMIC MASK

DFX0013

The mask offers high protection and outstanding field of view with superior comfort.

▶ COMMUNICATION SYSTEM

DFS2060

A headset with hearing protection, peripheral awareness and ambient talk through. Designed for harsh environments. May be worn with most ballistic helmets. Fits both left and right handed shooters.

▶ PROTECTIVE BOOTS

DFS2062

Custom lock over any shoe. Overshoes are made of a unique, strong and flexible material that protects against chemical and biological weapons for at least 6 hours.

▶ PROTECTIVE SUIT - HOT ZONE

DFS2059

Protection from liquid, vapor and particulate forms of CBRN agents. The suit has a unique evaporative cooling capability, that avoids trapping heat inside the suit. Designed for superior mobility and confined space operations.

▶ PROTECTIVE SUIT - WARM ZONE

DFS2061

Lightweight, highly ventilated suit ideal for extended operations. The one-piece suit allows the responder to rapidly change and respond swiftly. Complete with an integrated glove system and booties, eliminating the need for chemical tape.

▶ OPEN BREATHING SYSTEM

DFS2063

The open breathing system combines a protective mask with an advanced breathing apparatus to provide positive pressure for special operations. Developed to conquer unknown elements in threatening scenarios, this is the most advanced CBRN respiratory system on the market.

▶ ESCAPE HOOD

DFS2065

A compact CBRN Escape Hood is the smallest air purifying respirator on the market. Provides support to Emergency Responders seeking immediate or emergency respiratory protection.

▶ TACTICAL CARRYING SYSTEM

DFS2064

Full back frame for the open breathing system, allows carrying carbon cylinders along with equipment required for the mission.

▶ INTEGRATED BREATHING SYSTEM

DFS2066

The advanced modular breathing apparatus provides positive pressure capabilities for special operations. Enables a rapid response for changing the operational conditions in one complete modular system.

▶ ENHANCED BALLISTIC COMBAT HELMET

DFS4200

Lightweight and multi impact with ventilated line. Impact pads and comfort foam. Unaffected by temperature, altitude or moisture.

▶ PE LIGHTWEIGHT BP PLATES

DFS4102

Provides lightweight protection for military against high power armor piercing ballistic threats, improvised explosive devices (ED's), shrapnel and artillery fragments.

▶ CERAMIC BP PLATES

DFS4103

The armor plates are an integration of hard ceramic hexagons, with an optimized composite construction to produce rugged multi-hit armor. Optional in Level III & Level IV.

▶ BALLISTIC HELMET

DFS2136

Designed for maximum comfort and protection, incorporating the latest technology in ballistic composite construction. We offer a range of helmet options to suit your mission needs, with varying weights and protection levels.

▶ ADDITIONAL PROTECTION FOR TACTICAL HELMET

DFS4111

Enhanced, lightweight Combat Ballistic Helmet.

▶ TACTICAL MOLLE SYSTEM VEST LEVEL IIIA

DFS2100

Complete Molle webbing covers the front, back up to the shoulder panels for more versatile placement of attachments. Adjustable side and shoulder straps for maximum comfort.

▶ FULL BODY ARMOR IIIA VEST

DFS2081

Full coverage tactical armor vest, 360 load bearing Molle platform.

▶ MODULAR ARMOUR PROTECTION SYSTEM

DFS3191

Flat-pack lightweight rapid deployment ballistic Check Point Protector that can be made ready in under 5 minutes and easily packed away within the back of a vehicle for re-deployment and protection against AK47 - 7.62mm rounds.

▶ MOLLE TACTICAL VEST

DFS2080

Combines revolutionary design, fully integrated hands-free hydration, rugged pouches and ergonomic comfort. Available in all colours.

▶ FLOATING TACTICAL VEST

DFS2138

▶ BALLISTIC PLATE CARRIER

DFS2139

▶ TACTICAL BREATHING SHIRT

DFS2074

Highly breathable FR and non FR combat shirt designed for Special Operations and Special Response Teams.

▶ TACTICAL PANTS

DFS2075

Triple layer fabric features a fleece lined interior and waterproof, windproof breathable membrane.

▶ NOMEX MASK

DFS4061

▶ NEOPRENE KNEE PADS

DFS4097

Extremely flexible fits comfortably under or over clothing, ideal for long-term wear.

▶ COVERALL

DFS2076

An overall made from Nomex/Kevlar is designed for easy movement. Elastic back panel give full range of movement.

▶ TACTICAL BOOTS

DFS2077

Designed for speed and mobility, allows airflow channels. Extra cushioning. Microfiber and textile construction combines durability with high performance for an extra lightweight design.

▶ MULTI TOOL

DFS3088

▶ ELBOW PADS

DFS4094

Textured contact area increases durability and improves grip.

▶ COMBAT GLOVES

DFS2079

Hard knuckle reinforced protection with Kevlar built into the glove, providing a better fit and comfort.

▶ TACTICAL HOLSTER

DFS2082

Low profile tactical holster with a trigger guard.

▶ BELT

DFS2102

Maximum compatibility to field condition.

▶ COMPASS BINOCULARS

DFS3116

Impressive light transmission for surveillance, navigation & other low-light applications.

▶ LONG RANGE BINOCULARS

DFS3118

Resilient, waterproof, shock resistant and rubber armored. Although light enough to be held a tripod mount is included.

▶ STABILIZED BINOCULARS

DFS4032

The stabilized binoculars and optional eye link field agents can easily view, record and or transmit people and events from any mobile platform. Can be converted to night vision unit.

▶ SPOTTING SCOPE

DFS4033

Small portable telescope with added optics to present an erect image, optimized for the observation of terrestrial objects.

▶ 10X40 BINOCULARS

DFS3117

10x Power. Bright image perfect for sniper/spotters, border surveillance, patrol car optics, and tactical ops whether day or night.

▶ LASER RANGE FINDER

DFS4028

Provides instant distance and speed (SPD modification) measurements concisely and accurately.

▶ NIGHT VISION GOGGLES

DFS3121

The most widely recognized and dependable U.S. military night vision goggle system available. Combat proven with rugged, ergonomic design. Available with thermal technology.

▶ THERMAL GOGGLES

DFS2094

The Thermal Goggles made for all military needs and provide enhanced depth perception performances.

▶ COMBINED NIGHT & THERMAL VISION BINOCULAR

DFS4213

This binocular has a combination of thermal and high-sensitive night vision channels and is a highly effective tool both combined day and night observation in any climate or terrain.

▶ THERMAL MONOCULAR

DFZ220

High-end thermal monocular for all military needs. The high-precision all-terrain system combines the most sophisticated technologies to form a clear and distinct thermal image.

▶ NIGHT VISION MONOCULAR

DFS3119

Hand-held, headmounted for hands free use or weapon mounted. Integrated IR illuminator enhances ability to read maps in confined areas with no light.

▶ TL5 PRO IR & VISIBLE BEACON

DFS3166

The personal IR & Visible marker was developed to detect and identify friendly forces in enemy territory. Signaling the soldier by infra-red or by using visual illumination may prevent friendly fire situations.

▶ RADIO SYSTEM

DFS4107

Professional 2-way radio.

▶ PORTABLE COMMUNICATION SYSTEM

DFS4187

▶ PUSH-TO-TALK IIRIDIUM SATELLITE PHONE

DFS4207

Designed for global use, even when access to fixed or mobile telecoms infrastructure is limited or non-existent. The PTT uses the Iridium satellite network for worldwide connectivity. Provides secure one-to-many voice and data connectivity. Ruggedly engineered to support high intensity users in the harshest conditions

▶ IIRIDIUM HANDSET

DFS3179

The iridium handset satellite phone is compact, light and easy to use, but with industrial-grade ruggedness. You can enjoy your handset ANYWHERE on the globe.

▶ BGAN LAND/VEHICLE SATELLITES

DFS4209

BGAN service provides simultaneous voice and broadband data communications globally from lightweight satellite terminals. Connect the BGAN terminal to a portable device to access the internet for web browsing, email, or Streaming IP rates to meet all your data, voice and video needs.

▶ IIRIDIUM ANYWHERE

DFS4210

Turn your smartphone into a satellite phone using the Iridium Anywhere device which enables your smartphone to work anywhere on the planet. Supports daily functions including social networking, email use, SMS, GPS tracking, smartphone applications and more.

▶ TACTICAL HEADSET

DFS4203

Flexible behind the head headset with left boom microphone.

▶ HEAVY DUTY HEADSET

DFS4189

▶ MESH BANDED HEADSET

DFS4204

Comfortable and flexible under-the-helmet mesh headset.

▶ THROAT MICROPHONE

DFS2143

▶ ARMY HEADSET

DFS4188

Swivel earpiece is attached to the helmet clip. Noise cancelling, attached to the chin strap.

▶ THIN WIRE HEADSET

DFS4205

Combines hearing protection technology to protect ears and reduces unnecessary ambient sounds.

A tactical Vehicle with a mobile jamming system for detection and neutralization of unauthorized drones from entering secured fields and campuses.
